

ERIKA

René Chyba

The outline of ERIKA collection appears to be simple with an unruffled gesture. Three dimensional curved lines of the back connect smoothly with the dangling arms to hug users in a restrained manner. The thickness of cushion is moderate, which adds comfort to the chairs. The office chair can rotate to offer more convenience.

STRUCTURE

Back in FRP integrated molding, structure in solid wood and plywood, legs in metal, swivel base

FINISHING

Upholstered with leather, base edge in walnut or stained oak, legs in stainless steel
