

# WRAP 芭蕉

Design by Archirivolto Design

编号：21F025

芭蕉餐椅造型的灵感来源于20世纪70年代的“裹身裙”，它是现代感和女性型气质的象征。芭蕉餐椅的风格优雅而经典，简洁的线条将腿部和背部与柔美蜿蜒的曲线结合在一起。直线和弧线交替的标志性比例设计让这款引人注目的设计变得更加性感。

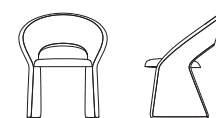

The WRAP collection is characterized by a refined and elegant design. It is inspired by the 'wrap dress' of the 1970s, a model wrap dress that became an iconic garment, a symbol of modernity and femininity. Like the 'wrap dress', this collection wraps in an elegant and timeless style. A continuous, clean line unites legs and back with a soft, sinuous curve. An eye-catching design that becomes racy thanks to iconic proportions that alternate straight and curved lines.
