

WIND 风

Design by Masayuki Kurokawa 黑川雅之

编号：H20

“风”茶桌寓意穿过风在空中飞行如羽翼般的桌子，茶桌的设计从造型和结构上不拘泥于惯常的茶桌形式，将东方禅意与自然精髓和谐统一地呈现于形式，落实到功能。

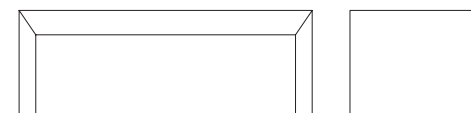

The wind tea table breaks from traditional Chinese tea table. With its wing-shaped legs and aerial, willowy structure, it recalls the motion of a bird flying high in the sky, carried by the wind. The piece pairs together the asian philosophy of life and the essence of nature, representing a harmonious integration of form and function.
